### The pure treat

Our natural Chewies meat strips and fish strips make feeding fun! The intense aroma is ideal for motivating dogs with something that is fun. The tasty treats are made from high-quality ingredients and gently baked in the oven. One hundred percent muscle meat (+ innards & carcass for the flavours rabbit and salt-water fish) ensures full flavour. Chewies meat and fish strips are available in the sizes MINI and MAXI so that every fluff ball, big or small, can enjoy them. Thanks to their soft texture, they are also ideal for puppies and seniors. An extra helping of vitamin C supports the normal function of the immune system. Ten grain-free flavours, including monoprotein varieties, are very wholesome and are also suitable for our nutritionally sensitive four-legged friends. The meat strips are free from flavourings, colourings and preservatives and are produced in Germany without genetic engineering or animal testing. The reclosable pouch is ideal when you're on the go and ensures long-lasting freshness. A treat that puts a smile on dogs' faces.
