

## Chewies LUCKY BITS

## Little bites of doggy happiness

Chewies LUCKY BITS are our superfood treats with extra meat and excellent acceptance. Each flavour contains special ingredients in specially designed recipes, adapted to the respective phase of life. The soft pieces with the high meat content are perfect as a small snack or as a reward during training. Superfoods like brewer's yeast, ginkgo or hemp oil provide our four-legged friends with a particularly high amount of nutrients. Our Chewies LUCKY BITS contain neither grains nor added sugar and are produced under the best conditions in Switzerland – and of course without genetic engineering or animal testing. Nine delicious flavours, including monoprotein versions and a TASTY MIX (consisting of 3 flavours in a mix pack) offer great variety for dogs. The irresistible and soft treat for the perfect reward – from junior to adult to senior.
