

Chewies MIDI SALAMETTI

PREMIUM

The hearty special sausage treat for in between

What dog's mouth isn't watering when it smells salami? That's why we have developed our hearty and delicious Chewies SALAMETTI. The species-appropriate, natural recipe of our aromatic sausages makes them a real temptation for our four-legged friends. Lots of fresh meat and innards, plus valuable vitamins and minerals are combined in a special and protein-rich snack. The soft texture and easy portioning make our gently air-dried SALAMETTI ideal for puppies and seniors as well. The sausages are monoprotein, grain-free and have no added sugar – and are thus equally suitable for nutritionally sensitive dogs. Five flavours, two of which are exclusive versions with lactose-free cheese, provide enough variety to choose from. Our SALAMETTI are produced in Austria without the use of genetic engineering or animal testing. A special sausage treat that makes dogs' hearts beat faster.
