## PETS NATURE genuine sheepskin

**PREMIUM**

### **Pure cosiness**

In addition to high-quality nutrition, resting places for dogs and cats are an important segment of the pet industry. Genuine sheepskin is an incomparable natural product whose fluffy soft texture makes it a particularly suitable rest area and sleeping place. Our sheepskin is breathable and temperature balancing – cosy and warm in winter and pleasantly cool in summer. Dogs and cats also love the natural, unobtrusive smell of the coat and take to it with pleasure. It also a cosy accessory that decorates the home and lends a unique feel-good atmosphere. The sheepskins are a by-product of the meat industry, so no animal has to die for them. Of course, our skins are tested for harmful substances for reliable quality. Snoozing is even more fun with real sheepskin!

**PETS NATURE – We understand animals.**

Approx. dimensions	Item no.	PU
--------------------	----------	----

110 x 60 cm	019539	1
-------------	--------	---

### Care instructions:

Due to the lanolin it contains, the sheepskin is dirt-repellent and has a certain self-cleaning effect. Regularly brush out with a soft brush and fluff up. For hand washing, we recommend using lambskin detergent. Before

air drying, rub the leather side with soap and stretch it vigorously in all directions several times. Brush and roughen when dry.
