PURRRR

Pure pleasure

Our grain-free monoproduct wet food contains only one animal protein source per flavour. The ingredient list, which is deliberately kept short, consists of over 98 % meat/innards/fish and cooking liquid, supplemented with minerals and high-quality oil. This makes the exquisite meals particularly wholesome and also ideal for cats with food intolerances. With an exclusion diet with catz finefood PURRRR, cat lovers can find the flavour that their four-legged darling can tolerate. Like all catz finefood products, this tasty complete feed is free from flavouring and colouring agents, preservatives or added sugar.

We produce in Germany without the use of genetic engineering or animal testing. The pure taste convinces all little gourmets.
