

Tip: Finely crumbled catz finefood PURRRRLY also makes a convincing wet food topping. Especially cats who are fussy eaters can be persuaded to eat specific foods.

PURRRRLY

The treat with that intense taste

Our freeze-dried catz finefood PURRRRLY are very special treats for little ones with a sweet tooth. One hundred percent pure hearts or shrimps offer our four-legged friends full flavour and a crunchy chewing experience.

Freeze-drying gives these monoprotein treats an even more intense flavour. This makes them irresistible even for picky cats. The handy, reclosable pouch is ideal for travelling and ensures that the wholesome pieces stay fresh for a long time. Naturally, we also do not use any flavouring or colouring agents, preservatives or added sugar. The high-quality, grain-free morsels are produced in Germany without the use of genetic engineering or animal testing. Natural, pure indulgence for little foodies.
