

yummeez classic

The grain-free reward

In most cases, the secret to successful dog training is a tasty reward at the right time. yummeez CLASSIC BONIES are our grain-free and gluten-free classics to perfectly reward all dogs – even those who are sensitive to grains. They are just as delicious as they sound – yummy! The main ingredients are of animal origin. We do not use grains or gluten and instead add tapioca, potato and lucerne as the starch base. The convenient bone form and small size make the treat the ideal training companion for all dogs. They fit in any pocket and are not greasy. And the best part is: They come in six exciting flavours. Every dog can find its favourite bone. yummeez CLASSIC BONIES are naturally free from flavour enhancers or added sugar and are produced in Germany without genetic engineering or animal testing. The enthusiasm and personality we put into our products is also reflected on the packaging. Meet our employee dogs who are also our quality managers.

yummeez – dogs love them!
