

**Hi,
I AM AMIRA.**
I love the water. Retrieving rocks from rivers is my hobby. If I don't get to do that, the CUBES comfort me. I love those too! You can find me and my friends on the yummeez GREEN LIFE packaging.

CUBES

Environmentally conscious rewarding without compromise

sustainable and really tasty rewarding without any compromise? It's possible – with our environmentally conscious yummeez GREEN LIFE CUBES. The small treats with the superfood turmeric are available in three deliciously tasty flavours: one vegan, one vegetarian and one variety with insect protein. Our wonderfully convenient CUBES are perfect for training on the go. But they also make a welcome change on sniffing mats or simply as treats – the perfect reward for hard-working pets of all ages! You can find the favourite flavours of our own dogs on the packaging. By the way, it is 100 % recyclable and consists of 40 % already recycled material. It goes without saying that our CUBES are made in Switzerland without genetic engineering or animal testing.
